

SECURE DATA SERVICE

Looking forward

Karen Dennison, Service Manager

Service delivered by the
UK Data Archive

Supported by the Office for
National Statistics

Funded by the Economic and
Social Research Council

About the Service

Working with data owners, we provide researchers with secure access to data that are too detailed, sensitive or confidential to be made available under the standard licences operated by our sister service, the Economic and Social Data Service (ESDS).

About the Service

- For the academic research community in the UK
- Delivered by the UK Data Archive
- Funded by the Economic and Social Research Council
- Supported by the Office for National Statistics
- Government accredited
- Official launch today!

How we're different

- Similar to the ONS VML
 - Secure remote access – can't download, copy and paste, print
 - Same/similar application form
 - Same training with SDS component
- But no need to travel
 - Institutional desktop access
 - We bring the training to you
- Order through the Economic and Social Data Service
- Service User Agreement that requires institutional signature
- Only 'final outputs' are released
- Some different data
- Some additional consequences for a breach
